PFEIFER Rope Inspection Service on offshore cranes

What we can do for you

PFEIFER offers the inspection of wire ropes on offshore cranes.

Scope of our service:

- Visual and tactile inspection of wire ropes according to the criteria of ISO 4309
- Measurement of rope diameter
- Examination of sheaves, winch drums and rope drive system for wear and damages
- Detailed technical documentation

Therefore a team of highly trained and experienced specialists is available to inspect your ropes worldwide and at any time.
